
SULSA News – 1 November 2011

SULSA Tweets – Follow @SULSATweets

- BioBusiness Made Simple - A 2-day course giving introductory insight into the commercialisation of life sciences <http://bit.ly/nXiYPk>
- Call for proposals - Target Development Fund - Deadline for applications 18th November. For more info: <http://bit.ly/tADUky>
- Fluidigm European Road Show in Edinburgh on 11th Nov. Gene expr, single-cell gene expr, genotyping & targeted reseq <http://bit.ly/tzofk>
- Shared Facilities Meeting - CEBR SIG meeting in Edinburgh on Tuesday 8th November <http://bit.ly/w0a8Qf>
- BIS report: "UK research base most productive in the world" <http://bit.ly/sr65VY>
- RASOR - Research Collaboration in Proteomic Technologies - Meeting at the Royal Society in Edinburgh on Wed 9th Nov <http://bit.ly/swwCPX>
- SULSA Call for Applications - Funding for High Throughput Screening (HTS) projects. Deadline Friday 25th November <http://bit.ly/nJfLQQ>
- GenePool acknowledged in Successive Increases in the Resistance of *Drosophila* to Viral Infection <http://bit.ly/vqktT7>
- GenePool acknowledged in Newmania: A New Ginger Genus from Central Vietnam <http://bit.ly/uk53sQ>
- Edinburgh and Glasgow Uni in top 50 universities worldwide for Clinical, Pre-Clinical and Health subjects. <http://bit.ly/rtDBF4>
- Oliver Ebenhoh publishes on "Systems approaches to modelling pathways and networks" <http://bit.ly/t3hQQ5>
- GenePool acknowledged in Genomic resources for the brown planthopper, *Nilaparvata lugens* <http://bit.ly/sA3ZIR>
- Workshop Understanding the Technology-Inspired collaborative R&D competition for Biosci 4th Nov Stirling – <http://bit.ly/tvJACa>
