# SULSA News – 1 September 2011

---

## SULSA Tweets – Follow @SULSATweets

- 'Horizons in Bioinformatics' @[nexusScotland](#) event to be held on 27 September. More info here <http://bit.ly/q3vVXo>
- SULSA Professor Mike Tyers publishes on Sch9 regulation of ribosome biogenesis in The EMBO Journal <http://bit.ly/nrPNQm>
- SULSA Professor Breitling 'Comparative genome-scale metabolic modeling...the topology of essential core metabolism' <http://bit.ly/q1S2Yi>
- SULSA Professor Newman 'Emergent cell and tissue dynamics from subcellular modeling of active biomechanical processes' <http://bit.ly/paMgtG>
- SULSA Academic John Mitchell publishes 'Classifying Molecules Using a Sparse Probabilistic Kernel Binary Classifier' <http://bit.ly/poxCT8>
- SUPA INSPIRE Annual Meeting, Heriot-Watt University, 7th September 2011. For Registration and details contact [matthew.wasley@supa.ac.uk](mailto:matthew.wasley@supa.ac.uk)
- Entries now open for Annual @[nexusScotland](#) Life Science Awards
- Second @[SICSA Scotland](#) Workshop on Biological Networks: Theory and Applications - Friday 21 October 2011 - Edinburgh <http://bit.ly/guw1JA>
- There will be a SULSA team at the 2011 Biotechnology YES competition. Follow their account of the scheme here: <http://bit.ly/ophKrb>
- SULSA Prof Mike Tyers publishes on Cross-species discovery of syncretic drug combinations that potentiate fluconazole <http://bit.ly/of2rgR>
- SULSA Prof Rainer Breitling publishes on Physiological Adaptation of the Bacterium Lactococcus lactis to Human CFTR – <http://bit.ly/oEZZcg>

## SULSA Events – [www.sulsa.ac.uk/events](http://www.sulsa.ac.uk/events)

- Edinburgh will host a SULSA Facility Roadshow in the autumn. Keep an eye out via @SULSATweets and future bulletins for announcements

## Non-SULSA Events – [www.sulsa.ac.uk/nonsulsaevents](http://www.sulsa.ac.uk/nonsulsaevents)

- SUPA INSPIRE Annual Meeting - 7th September 2011 - Heriot-Watt University
- Nexus Scotland - Horizons in Bioinformatics - 27 September 2011 - Royal Society of Edinburgh
- Second SICSA Workshop on Biological Networks: Theory and Applications - Friday 21 October 2011 - Edinburgh
